"Martha Jesty is a brilliant teacher! She makes learning really fun and effortless, using music and rhythm to help you to get the language into your head effortlessly. This is nothing like the language teaching you had in school (unless you were very lucky!) – it is modern and truly interactive. In a short introductory session she taught us how to ask for someone's telephone number - and understand the answer – as well as telling someone else our number. We ended up dancing to music as we practiced!" **Caroline Ewans, Thoughtful Marketing**

"I really enjoyed Martha Jesty's taster session on learning Spanish. What a fun way to learn a language and so different from the traditional school experience that I remember. There was tremendous energy and participation from everyone interacting with each other. She also have a lovely style in balancing the need to instruct and encourage at the same time." **Mark Rowray, Kingston Web Design**

"You probably heard of the power of teaching by example? Martha Jesty is one of these inspiring people whose passion for what she does naturally creates her business of teaching languages and dancing. Ever thought of learning Spanish, visually, auditory plus moving your body with the rythm of uno, dos, tres, ...? Thats what we did at Martha's talk at Fabulous Women and I think I can safely say, we didn't just learn to count from one to ten but also got a reminder of how much fun and ease learning can be." **Martina Grubmueller, Synchologic**

"I met some great people in the group especially Martha Jesty who has an amazing abundance of energy. She taught us all to count to 10 in Spanish and taught us how to say our mobile numbers in Spanish, then to help it sink in we danced to Spanish music whilst saying our phone numbers in Spanish. It was so much fun and very educational at the same time. Very inspirational." **Demelza Fry**

"Martha Jesty is just fantastic! Upon meeting her, I was captivated by her energy and her charm. Martha also has an extremely positive outlook on life that is infectious! She knows how to bring the best of a person! My recommendation goes to this lovely lady! Furthermore, on the language side of things, I wasn't able to continue with my Spanish lessons due to personal circumstances, but should there be an opportunity to be taught by Martha Jesty again I would jump on it! We had a meet to discuss certain things and she was so open, and I can imagine she takes this into her lessons; an open, free enjoyable approach!

"Martha is a 'get-things-done' person, and she inspires others to achieve too. Her passion for life and sense of fun is immediately evident, equalled only by her compassion for those less fortunate, particularly women and children, both in her native Latin America and here in the UK. She is a networker by nature, and loves to share her energy and enthusiasm, but always in a caring and selfless way. A 'good woman', in every sense... I'm glad to know her!" **Keith Grover**

"Martha is quite an inspiring lady in so many different areas. One of my experiences with Martha has been her style of teaching a new language within a group setting. It was not just highly effective learning but also great fun. I particularly like her creativity in imparting knowledge in a non-conventional way; using mind and body movement, innovative thinking! Her enthusiasm and passion coupled with her determination and professional conduct is a winning formula. Working with Martha gives you a whole new zest for life! Such energy.
